TO ADVERTISERS.—The Vermont Daily Transcript has the largest circulation in St. Albans and in Franklin County, of any daily paper, and from that account, it is, of course, the best medium for advertising.

Local Items.

Interesting matter, original or selected, may always be found on the first page.

OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Merrifield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

MR. WESLEY HOWE has bought out Messrs. Harvey & Davis' saloon in Driscoll's Block, Lake Street, and taken possession of the same.

THE BRIGADE BAND.—The St. Albans Brigade Band, one of its members informs us, will commence this evening to give a series of open air concerts in the park, to be continued on Monday and Thursday evenings, commencing at 7 o'clock and continuing until 9. This band, which has been organized and drilled but a short time, is one of the institutions of St. Albans that is thoroughly appreciated by citizens and visitors.

Whenever it plays old and young flutter around the park like moths around an evening light. The way the music of our band "draws" seems to give a coloring of truth to the story of Orpheus and his lyre.

GREEN CORN.—We are indebted to Samuel Breck, Esq., of the firm of Breck & Wetherbee, for a nice contribution of green corn, grown in his garden this year. Mr. Breck has one of the best cultivated gardens in town, which fact is due to his care.

DEAFNESS CURED.—We are credibly informed that a young lady in St. Albans who has gradually been growing deaf for the last seven years, has been greatly relieved, and has in fact nearly recovered her hearing, by the use of "Flagg's Instant Relief," sold here on Friday and Saturday. This morning she has been able to hear common conversation, which has not been the case before for years.

A BOY KILLED.—James McFrath, aged ten years, a son of Thomas McFrath, of St. Albans, while attempting to jump upon the four o'clock freight train coming in on Saturday, near the Brigham crossing, was thrown down between the saloon car and freight cars, and his body cut in two, killing him instantly. Only a day or two before we heard a gentleman remark that some of the boys of our town would yet get killed by the cars, as they are in the habit of jumping upon the steps of trains, just before the train enters town, for the purpose of getting a "ride." Parents should see to it that their children are kept away from the railroad and cars, and the death recorded above should be a warning to venturesome boys.

THE Mansfield House, at Stowe, has over two hundred guests.

A MERCHANT GENTLEMAN takes exception to some editorial remarks in a recent issue of our paper and sends us this thrilling message: "Stop my paper." It shall be stopped; but we take this occasion to say that the TRANSCRIPT will, notwithstanding, be published as usual, and will contain its usual amount of matter. We hope none of our friends will on this account withdraw their patronage from the first gentleman in question.

THE Episcopal Society of Brattleboro held a fair on Wednesday afternoon and realized between \$800 and \$900.

THE residence of the late Geo. B. DeForest on Little Street, Brattleboro, has been purchased by Miss Davis, for \$30,000.

FRANK WILLES, Esq., has resigned his position as cashier of the Vermont National Bank at Brattleboro, and intends moving to Minneapolis, Minnesota, where he will engage in the Dry Goods business.

THE GRADUATING CLASS.—The Free Press says that the graduating class in the University of Vermont held their supper at the Mallett's Bay, Colchester, on Friday evening. The exercises consisted of an oration by J. D. Denison; a Poem by M. B. Carpenter, and a History by H. C. Barnes. The supper was handsomely served. The Class of '69 held their celebration on Friday.

ARRIVED.—The Statue, says the St. Johnbury Telegraph, for the soldiers' monument at that place has arrived in good order, and the committee are making arrangements for the inauguration of an early day—it is expected to be about the 20th of August. Previous to the inauguration ceremony the statue will be placed upon the pedestal, where all can see it.

CONVENTION OF UNIVERSALISTS.—The General Convention of the Universalists in the United States is to be held at Providence, R. I., on the 15th of September. Among the standing committees we noticed the names of the following Vermont clergymen: On state of the Church, Rev. S. Bliss, on Education, Rev. E. Ballou, D. D. Also the names of Ex-Gov. Washburn of Maine, and Hon. Horace Greeley, on arrangements for a centennial anniversary of the denomination.

RECORDED'S CORNER.—Mary Barber, an old offender, and another woman who gave her name as Mary Game Fuller of St. Albans, were up Saturday before the acting Recorder, charged with being common prostitutes, having been found in the woods south of the medical college in the costume of Eve, minus the fig leaf. A fine of five dollars, with costs, was imposed, with some salutary remarks on the error of her ways by the Court.—Burlington Free Press.

SAD AFFAIR.—At Rochester, on the 27th inst., Mr. Charles M. Hutton was boiling varnish, when the compound exploded and took fire. His little daughter Addie, six years old, who was standing by, was completely covered with the burning fluid, and Mr. Hutton himself was not only enveloped in fire, but was for a moment blinded and bewildered. But rallying with remarkable presence of mind he carried out the little girl to the brook and soon extinguished the flames, but not until her clothing was nearly all burned off, and herself badly burned nearly all over. She lived a few hours in great agony, and then died. Mr. Hutton's face was burned to a blister and the skin peeled from both hands.

A CURIOUS CASE.—We find the following in the Vermont Record:

One of our exchanges says there is a man in Vermont who cannot speak to his father. Previous to his birth some difficulty arose between his mother and father, and for a considerable time she refused to speak with him. The difficulty was subsequently healed, the child was born and in due time the child began to talk, but when sitting with his father was invariably silent. It continued so until the child was five years old, when the father having exhausted his powers of persuasion, threatened it with punishment for its stubbornness. When the punishment was inflicted, it cried nothing but sighs and groans which told but too plainly that the little sufferer could not speak, though he vainly endeavored to do so. All who were present united in this opinion that it was impossible for the child to speak to its father. This proved this opinion to be correct. At a mature age, its efforts to converse with its parent could only produce the most bitter sighs and groans.

HORRIBLE MURDER IN SHREWSBURY.

—One of the most horrible and atrocious murders ever perpetrated in Vermont, occurred in Shrewsbury, ten miles from Rutland, Saturday evening. An old feud has for many years existed in that place between families named Plumley and Balch, and while the appraisers were engaged in settling the damages committed by the horses of the latter on the property of the former a dispute arose between them which resulted in the deliberate shooting and killing of John Gilman, Jr., a disinterested and innocent young man by Horace R. Plumley, son of the Plumley family. Indiscriminate shots were then exchanged between the parties resulting in the wounding of Horace R. Plumley and John Gilman, Sr. Five of the principals in the affray, viz: Ziba Plumley, Horace R., his son and murderer, George Butterly, his son-in-law, and two men named Absalom Winn, and Napoleon Quartier, employees of Balch, have been arrested and are confined in the jail here awaiting examination. Frederick Plumley, another son of Ziba, and one of the contestants is concealed in the woods at present but will be delivered to the charge of the officers to-morrow morning.

Both the Plumley and Balch families were evidently prepared for the affray, as they were all armed. The deceased was a highly respectable young man and his death is much deplored, even his murderer admitting that he knew ought against him. The affair has created much excitement in this place. The accused will have their examination to-morrow.

ADDRESS TO THE NERVOUS AND DEBILITATED, whose sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable: If you are suffering or have suffered, from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky, or bloody, or is it ripe on setting? Or does a thick cream rise on the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspnea? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling upon this subject? Do you feel dull, listless, mooping, tired of company, of life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken, or restless? Is the lustre of your eye as brilliant? The bloom on your cheeks as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver complaint?

Now, reader, self abuse, venereal diseases, badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man. Did you ever think that those bold, defiant, energetic, persevering, successful business men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and the right in the eye—none of your downcast looks or any other meanness about them. I do not mean those inflated by running to excess. These will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly cured diseases, from the effects of self-abuse and excesses, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other disease—palsy, lameness, paralysis, pains affecting the entire body, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have doctored for all but the right one.

Diseases of the generative organs, the use of a Diuretic, HELMOLD'S FLUID EXTRACT, BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

Helmold's Extract Buchu, established upwards of 18 years, prepared by H. T. HELMOLD, Druggist, 594 New York, and 104 South 10th Street, Philadelphia, Pa. Price, \$1.25 per bottle, or 6 bottles for \$6.50, delivered to any address. Sold by all Druggists everywhere.

None are Genuine unless done up in steel engraved wrapper, with fac-simile of my Chemical Warehouse, and signed

H. T. HELMOLD.
